A Little Help for Spring

March is now winding down and its finally time to get that renovation you've been dreaming of all winter started. It might be a fresh coat of paint, new window coverings, flooring, or even a combination of the three! The Decorators Choice has everything you need to get started. Our annual Buy one, get one half price sale (April 7-10) can help you get the paint you need at considerable savings. This sale is on our Top Line, Benjamin Moore Collection paint, in all the finishes. Maybe try your new room out in our Ulti-Matte finish – a completely flat designer finish, which is washable! The matte finish hides imperfections in the wall, is great for touch-ups and really enhances the richness of the colour selected.

Another helpful tool at The Decorators Choice, are our new colour sample pots. If you are a little unsure about a new colour and want to test it out before making the full commitment, it is now possible. All of our 2000 colours are available in 55mL pots, which you can take home to give you a better idea of how the colour will look in your space. The samples are only \$5.99 and this line is exclusive in Ottawa to the Bank Street store.

Our Favorite Reds

In speaking with customers, not a day goes by where someone doesn't mention one of the hottest colours right now, red. For some, it's the exotic, romantic effect that only a deep red tone can give. For others, it's the warm, comfortable feeling one gets from their "red room". And for most, it's the exciting, dramatic change, that "WOW" whenever someone enters the room. No matter the reason, people are painting their dining rooms, living rooms, bedrooms, kitchens and bathrooms in red, so I thought to explain the characteristics of red and even give you some of my favorite reds to consider for your space.

Red is a bold, energetic and sensuous colour. It can evoke emotions from love to anger as well as influence bodily functions such as appetite and heart rate. Reds create drama, attention and mood.

They can be more earthy tones, terracottas and orange and brown based reds

Red Canyon Red (2090-10)
Audubon Russet (HC-51)
Boston Brick (2092-30)

Sundried Tomato (CC-62)
Red Point Sand (CC-128)
Hot Apple Spice (2005-20)

Or more of the dramatic, passionate purple-based reds

Raspberry Truffle (2080-10)
Hodley Red (HC-65)
Pottery Red (2085-20)

Confederate Red (2080-20)
Crushed Velvet (2076-10)
Laurentian Red (CC-152)
