Helping You Plan Your Renovation

Planning a fall renovation? Whether it is a complete overhaul, or a small room makeover, The Decorators Choice has tools to help you out from planning to installation. For those who prefer to do the work themselves, tools like the Personal Colour Viewer and Tester Pots of paint will help you experiment with colours before they go up on the walls. For those who would rather have help in the planning, consult one of our trained staff either in your home or in the showroom for advice on colour, window coverings, hardwood flooring, etc. To arrange for someone to come to your home, please call 733-9220 for more information.

Personal Colour Viewer

Benjamin Moore has recently released a software program to help you visualize your colours and plan your re-decorating. This option is also available on the website, though it does not feature all the colours that are available. With the CD program, you can colour the pre-set photographs or even upload your own digital photos and re-colour your space to really get an idea for the look you are trying to achieve. The colours aren't 100% true, but it definitely gives you a good idea of the general look you will get when using the colours. It is particularly helpful in choosing exterior

Colour Pots

A very popular program this year has been our tester pots. For \$5.99, you'll receive a 2oz. pot of paint, pre-mixed to any of our Benjamin Moore colours. Paint directly on the wall or onto a bristol board to create a large paint chip that you can move around the room to check the lighting. Also these pots are being used for touch ups or small projects where a whole litre of paint would be a waste. It is an excellent way to test out the colour before purchasing many gallons, particularly if you are hesitant on the colour.

The staff at Decorators Choice Paint Store can assist you in finding the perfect colour, fabric, blind or overall concept to make your spring project a success. Either come in with your ideas, or book an appointment for one of our experienced interior decorators to come out to your home and we will help you create the room of your dreams.
