## New Elegance

Benjamin Moore's latest event focuses on the growing trend we've all seen in fashion magazines, the classic glamour era. Combining rich textures, bright colours and elegant accessories of silver and crystal is the latest rage on the runways and of course in home décor. Pinks, turquoises, and blue jewel tones are accenting the more earthy neutrals of grays and chocolate browns, to add richness and punch.

A few of these colour combinations are:

- *Athabaska* (CC-816), *Flurry* (CC-100), and *Vibrant Blush* (2081-30)
- *Coventry Gray* (HC-169), *Willow* (CC-542) and *Royal Flush* (2076-20)
- *Grenadier Pond* (CC-650), *Castleton Mist* (HC-1) and *French Canvas* (OC-41)

Another accenting idea is the new wall tattoo Benjamin Moore has released. Apply this touch of glamour to your wall using the Pearl Essence Glaze mixed with your highlighting paint colour, to add the luminescence of pearls. The effect is subtle but adds an elegant focal point to a room. Come see a sample of this new feature in the showroom window.

## Decks & Siding

With summer just around the corner, we are all looking forward to spending time outside on our decks. May and June are the ideal times to get your deck up to par for all those summer barbecues. Over the winter months, your deck may have suffered the wrath of our Canadian winter, or maybe its just time for a refresher coat. We've got all your deck requirements ready to go, here are some helpful hints:

The most important step in refinishing your deck is the preparation. Stains and deck sealers require a surface clean of oils, grease, dirt, mildew or mill glaze in order to penetrate the wood. To start, use Benjamin Moore's *Deck Cleaner and Brightener* to remove all dirt and mildew which may have accumulated on the deck over the winter. For older decks requiring stripping or restoring, you will require Benjamin Moore's *Stripper Finish Remover* and/or *Weathered Wood Restorer*. Once the deck has been cleaned, check that any old finish has been sanded down or stripped off. Finally, ensure that the moisture content of the wood is below 15%. You are now ready for application.

### 3 kinds of Benjamin Moore Deck & Siding Finishes

- Alkyd Translucent: a technically advanced solution for sealing both decks and siding, providing a light colour to natural finish.
- Alkyd Semi-transparent: seals and protects the wood allowing the grain of the wood to be seen through the colour.
- Solid colour: an opaque finish in any of your preferred Benjamin Moore colours, available in both oil and 100% acrylic

**The staff** at Decorators Choice Paint Store can assist you in finding the perfect colour, fabric, blind or overall concept to make your spring project a success. Either come in with your ideas, or book an appointment for one of our experienced interior decorators to come out to your home and we will help you create the room of your dreams.
